

Welcome to Helper ++

The screenshot shows the Helper++ application window. At the top is a menu bar with 'Open files', 'User Manual', 'About', 'Timer', and 'Toolbar'. Below the menu bar is a toolbar with buttons: 'Create/Save Text to Note.txt', 'Create file', 'Save/Change', 'DELETE', 'Exit file', 'Read Note.txt', and 'Read'. To the right of the toolbar is a 'Search in Google' button. Below the toolbar is a large text area for writing. To the right of the text area is a 'Files/Refresh' button. At the bottom right is a 'Toolbar' window with options for 'Font', 'Size', 'Create / Delete folder and File format', and a 'Save' button. Callout boxes provide instructions for each feature.

You can open the files in the directory by pressing here after move or send easily

Read about Helper++
